DETAILED ACTION

This is in response to amendment filed 08/18/05.

Allowable Subject Matter

Claims 3-6, 9-11 and 17 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record failed to disclose: a process, a device and a computer readable medium encoded with processing instructions for implementing a method for automatically updating data elements in a form document being used by a first software application the process comprising: Wherein the monitoring of the common database and the updating of the data elements in the form document comprise a program segment of the first software application or a software process implemented as a thread executing in a multi-tasking operating system environment, Wherein the program segment or software process implemented as a thread (a) periodically checks the common database for available updates to the accessed data elements; (b) retrieves new records from the common database in response to an availability of updates, the new records from the common database in response to an availability of updates, the new records corresponding to the accessed data elements that have changed, and (C) processes the new records corresponding to the changed data elements as an array of new records for updating the accessed data elements in the form

Art Unit: 2161

document while the form documents is being used by the first software application and the first user,

Further wherein processing the array of new records includes adding new records to the array of new records or deleting new records from the array of new records in response to one or more comparisons against old records of the form document the old records corresponding to records existing as of a last time the accessed data elements of the form document where updated or as of a last time the accessed data elements of the form document were updated or as of a time the form document was opened, the adding or detecting to the array of new records further being in accordance with the rules corresponding with the rules corresponding to the detected changed, wherein the rules are based upon (I) a characteristic of the change to the accessed data elements by the second software application, wherein the characteristic of the change comprise the accessed

data elements having been electronically signed by the second user in which the electronically signed data elements require a password to edit the corresponding data elements. and

(II) a characteristic of the accessed data elements used by the first software application wherein the characteristic of the change data elements comprise

(i) a change to a field of the accessed data elements while the form document has remained open by the first software application;

Art Unit: 2161

(ii) fields of the accessed data elements having been updated from the common database while the form document has remained open by the first software application

(iii) fields of the accessed data elements that have not change since the form document was opened by the first software application; and

(iv) the accessed data elements having been electronically signed by the first user in which the electronically signed data elements require a password to edit the corresponding data elements. As recited in claims 3, 5 and 17.

Claims 4-6, 9-11 depended on claims 3 and 5 above respectively.

Therefore, they are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Contact Information

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Cindy Nguyen whose telephone number is 703-305-4698. The examiner can normally be reached on M-F: 8:00-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Safet Metjahic can be reached on 703-308-1436. The fax phone numbers
